

Harlem, N.Y., Sept. 28th 1874

Gov J. L. Kemper

My dear sir

Today I sent you per Steamer one Bbl[?] of Old Stout in Bottles this has been Brewed three years ago and considered the Best, should you find it to strong add water to suit your taste, and it will be a delicious stimulant. Hope it will do you good. According to paper account I see that there is quite an activity in the CP&ORO [Chesapeake and Ohio Railroad]. Sometime ago the N.Y. times had quite an article in reference to the prospects of the Road. I hope it will soon develope itself and our project be satisfactory. Have you heard anything lately about their Elevators [?] Hope you are enjoying good Health. I Remain

Your Friend,

D.G. Yuengling, Jr.

New York Nov 23rd 1875

Dear Governor,

No doubt you think me lost as it is some time since I heard of or saw you. When I was in Richmond last I was very Busy and your absence from the City prevented me from Calling on you. Old Louis Gimme [Gimmi] has sent me word to write you in his behalf and plead for his restoration in Office. I do not Know the details in his case but if it is nothing criminal I wish Governor you would overlook the matter and let him in remain at his post. I think Gimme [Gimmi] means to do what is right and another Chance would prove him to be more faithful than ever.

page 2

Are there any new devealopements [sic] in the Chesapeake & Ohio Rail Road[?] I hope the crisis will soon be over and that something may be done in our Case. Will be in Richmond sometime Next Month and will then take the liberty of Calling on you. I Remain

Very Resp Yours

David G. Yuengling, Jr.
