

We the undersigned citizens of Grayson County Virginia believing as we do that the secession of the State is the only alternative now left us for protection. And that the sentiments of our county are almost unanimous for secession. do respectfully pray and petition the convention to adopt the ordinance of secession immediately, or the people will take the matter in their own hands. We are bitterly opposed to calling a border slave state convention and are compelled to denounce its agitators.

This the 22nd March 1861
